“ I will always remember Paul. He always lit up any room he walked into and always was in a positive attitude. I thank Paul for giving me the inspiration, determination and willingness to try new things, from the time he came on my bus, having conversations about art, music, and always helping me with CD, to the time he graduated Vanguard. He was a very close friend of mine that I will truly miss. I will always appreciate him. Paul is in my prayers. Sincere condolences to the Smith Family.

“ Paul was a former student of mine at the Vanguard School. He was always willing to help a peer or try new experiences. He was fun loving and a great student. I remember assisting Paul with his college assignments and was estatic about going on to Hiram G. Andrews to gain skills for a future career. Paul will always be fondly remembered.

“ I had the privilege of spending some time with Paul starting February 26/2016 in discussing Sensory Strategies while he attended the Vanguard school. What a charming and polite young man! He was always thoughtful in how he responded to questions and never said anything negative about others. As we discussed his experiences in day to day tasks, Paul voiced several insightful responses. When discussing food preferences, Paul said:” I can eat a lot of things, but I am not terribly adventurous.” Paul said that he moved / rocked when he was “in the deep of things, happy and that is was calming my brain.” About exercise Paul said:” I typically don’t choose to go to the gym, unless told. Coming to school and walking to classes for me counts as my exercise.” On the topic of stairs: “some people have very messed up stairs. Too narrow, deep, spiral.” Paul was part of the Stage crew for our Alice in Wonderland School performance. About reading: “ I read for my own interest. Email, website. I don’t do social media, as it is invasive and not that important.” Paul mentioned that he did not like having his hair cut.” I don’t like how it feels when it is cut.” Lastly... at the time Paul attended Vanguard there was a few people by the same name. As we discussed work, Paul said: “There is an epidemic of Paul’s at school!” I am so honored to have had the opportunity to get to know Paul as his Occupational Therapist for a short time. Paul’s polite interactions and kindness will give us hope and courage as we think of him.

“ I am a teacher a the Vanguard School - I met Paul during my first year of teaching in the Transition Center; Paul was a student in my Careers class. What I remember most about Paul was his humble, pleasant nature and his ability to partake in an engaging conversation. He shared his hopes and dreams with me and after reading about his life after Vanguard, it sounds as though he was on a quest to fulfill them! I am so terribly sorry for your loss. I hope that family, friends and faith surround you always but especially at this time.

“ I met Paul at Plymouth Elementary while he was in Mrs. Holland's 1st grade class and still remember his brilliant artwork. He was also in my classes at CMS and PW, and I so enjoyed his conversations- always polite, always kind. What joy he brought to all who knew him- Paul made the world a better place.. God give you His peace.

“ Paul was my very first student at Plymouth Whitemarsh High School. He loved to talk about music and art and genuinely made our speech therapy sessions seem more like chats with an old friend. I'm so glad I was able to meet up with you for lunch this past summer. You were a bright light in this world, Paul. Your spirit will be missed by all who knew you. My deepest sympathies to your family. I will always remember you fondly.

“ We were sorry to hear about Paul's passing. I can remember him when he was just a little guy playing his music when they lived in the apartment Louise just loved to listen to he and his music. We did not see him very much over the years since we live in North Carolina. But our granddaughter and Paul were born the same year. Aunt June and Uncle Ray send our sympathy to the family.

June and Ray Scott - November 08, 2019 at 05:28 PM

“ The word for Paul is lovable. He was pure goodness. As stated in his obituary, Paul had wide-ranging interests and tastes. He was knowledgeable in many areas, and his music lessons often extended over an hour past his official time because we'd be discussing music, art, politics, or life in general.

Paul had an encyclopedic interest in 'progressive' rock and pop music, and he knew more bands than I do. At his get-together on Nov. 24 [1 p.m. at the Holy Savior Club in Norristown, for anyone interested], we'll hear selections by Pink Floyd, Yes, Roxy Music, XTC, ABBA and Prince.

“ Paul always took time to be friendly with me and others for sure. He would tell me about his favorite cars and different places on Earth he wanted to visit. I'm honored to have shared memories with such a kind soul who put a smile on my face simply by his kind words.

“ Many fond memories of Paul from his days attending Colonial Middle School. I had the pleasure of working in classes with Paul and I remember him well. He was always kind and had a wonderful kind heart. I am sorry to hear of his passing. Blessings to his family.
