“OMG! I have been trying to contact Harris for a while now. We used to stay in touch and I would always check on him and sometimes stop by and pick him up and drive him to the base and different places when he was going through some health challenges. He was always a strong minded and kind person who cared about other people. I lost his number and my car was totalled so I couldn't get to him and when I was finally able to get transportation I looked for him but he wasn't there. He would always tell me to call and check on him because he had trouble trying to reach me I thought he was calling the wrong number so I would check in with him. I've known him over 30 years and I am sorry that I didn't get to say goodbye. I love you "Harris" and may you Rest Peacefully in the Arms of JESUS CHRIST. My deepest and sincere condolences to the family.
