“ You will forever be on my mind, Aunt Gwen has always taught me some valuable lessons and given great advice especially when you needed a little extra luck. She always knew how to cheer someone up and was one of the most kindest caring people I've known. I remember our last conversation like it was yesterday and her voice is totally unforgettable in a good way. You will forever be loved and missed, rest easy I hope you're up there with my Poppop and everyone else enjoying yourselves! Probably got them all ready to hit the lottery in heaven as well! I will always remember to look down now and then whilst walking and just know that you have made a huge difference in so many peoples lives. You had one of the biggest hearts and it has rubbed off on me as well. I'll always think back to working at pizza times with you as well. So now I say see ya love ya bye until we meet again ❤️😭👍
