“ Prof Andreas Athinaios : Kathy was a very special one for me ! We shared a lot of deep feelings, She will always remain in my heart. Strangely enough I saw her today in my dreams. She was at the Villanova Dept of Economics building on (as I remember it) and she was on the one side of the faculty mail boxes and I was on the other. When I reached to get my mail, she looked at me through the mailbox with her beautiful eyes and her eyes were full of light. And she has her wonderful smile. I have deep memories and she is one of the souls I will meet with again, when we are all together in Gods arms.
