“ My heartfelt condolences go out to the entire family. Nick worked side by side with me in surgery for about 21 years both at Pennsylvania Hospital and Jefferson. A great friend, colleague, and one of the finest , if not the finest person, I have had the honor and privilege to know and work with. Clearly one of the hardest working and most consummate professionals I have had the privilege of being associated with. A brilliant, kind, and gentle soul.....Nick , we all miss you very much. God Bless you and your family.

“ I am so sorry to hear this news and give my condolences to his wife and kids, family and loved ones, and wish them strength and courage during this difficult time. I worked with Nick at JHN for many years and always admired his calm, gentle and positive presence, even in the most stressful of times. No matter what was happening, Nick always seemed to see the silver lining. I loved how curious Nick was about the world and those around him, always asking how other people were doing, or how was their family, or if it was someone new he always wanted to know where they came from, what was their story. Nick was a consistently positive light in my work life, and I am grateful for him, knowing it is special and rare to share life with such a kind soul.

“ I am so sad and sorry to hear about Nicky. I grew up with Nicky on Medford Rd. He was a such a terrific guy. I spent many of my teenage years playing stickball, wireball, or any game that could be made up and played outside. I remember Nick as a big Philly sports fan and a lover of US History. He was the nicest guy, very sociable and outgoing, and would do anything for you. I have years of fond memories of Nick that I will never forget. RIP Nicky.

“ Carrie and family - My deepest condolences for you and your whole family. I grew up with Nick on Medford Road. All of the kids on the street loved playing every imaginable game together. We would spend hours and hours playing together and never wanted to go back inside the house. We all had a young friendship and connection that provided us the fondest memories. I will always treasure those childhood memories of Nick. He always had a smile on his face and a hand to lend to anyone - even from a very young age. He will be greatly missed.

“ To Nicky's wife, kids and Family - I am so sorry for your loss. I knew Nicky since 10 years old. I remember football, pimple ball and all the games we played as kids with Joe, Nancy and the rest of the neighborhood. He was also right there helping out everyday with the vending cart at 18th and Arch between classes. He was a great guy who will be greatly missed by all who knew him. RIP Nicky.

“ I'll always remember the great times on Medford playing street hockey, "wire" ball, and of course stickball. I may still have some bruises from those killer slap shots. Thanks Nick for all the great times and especially for being a part of our wedding.

You will be missed!

“ Nick and I went to grade school together, I was so excited to be able to reconnect with him at Jefferson and feel so blessed to have been able to have worked with him for so many years. No matter how bad my day was, he could always turn it around with that infectious smile of his and that big incredible bear hug.

“ Nick and I started at Jefferson around the same time. We have worked together for 18 years. During those years we both have gone through some happy, stressful, funny and sad times together. I always thought of him as a brother. His kind soul walking through the door at work and saying good morning to each one of us will be missed terribly. God Bless Carrie, the girls and his loving family with the strength to live each day to the fullest. Love you Nicky.

“ Nick was like family. For many years I saw him tied at the hip with my brother Bob Hall. He spent vacations down the shore many years with us. He always treated my children and nieces and nephews as though they were family. Tossing them in the pool messing around with them. It wasn't Christman Eve if Nick wasn,t there .When Nick married Carrie we were thrilled. Now he would have children of his own to love and cherish like he did with my family. I know my mom considered Nick another son. She loved him so much. We have prayed for him for years , now all our prayers are Carrie and the girls. I, enjoyed watching the girls grow. Saw them often at birthday parties at Bob and Donna,s house. They have grown so much I,m sure they will miss him. He was a great father ,husband ,best friend to my brother and a special part of my family . Nick I love you and will miss you always. I will pray for your parents and your family daily. CARRIE if there is anything I can do please call. I live close by. 2678855134. Love Cindy Stiles Prodorutti.

“ Nick was an all around great guy! I lived 2 doors from Nick growing up. Nick, Rita and I walked to grade school and high school. We belonged to Somerton Springs Swim Club and had barbecues every Sunday with our families.

Nick would do anything for anyone. He was a very special person. Nick will never be forgotten - his memory will live on through his beautiful family. Please know that Nick & your family is in our thoughts and prayers now & always.
