“ I worked with Dickie at Builders Prime for about twenty years. We both were avid model railroad fans and enjoyed ribbing each other when the Eagles and Dallas played. He was a guy you could always go to if something was wrong with a work order or there was confusion coming from the office. I am sorry I am late in finding this out. We talked on a regular basis but things got busy and I let it slip by. I will miss you" Dude" rest on peace and keep those trains running. Frank Tagye

“ I met Dick on the corner of Ford St. one morning when I was walking my dog and a truck honked at him while kids were boarding the bus. We both shared outrage and I told him that I would be a witness and we would get this guy since his company's name was on the truck. That sparked a great friendship. We talked almost every morning of the school year for almost three years. He loved to give pets to my dog and tell me about when he had dogs. He loves to tell me about trips with his wife and his friends over the summer and was just genuinely happy to speak to me each morning. When I moved from the apartments on Ford down the street some on Elizabeth he was so happy for me for buying a house and getting married. I missed waving to him in recent months. He was a stand up, kind, good guy and he touched people even in passing each morning at 6am. He will be missed!

“ I grew up with Dickie and Bobby my mom and his mom were best friends so we went every where together. I was always with Dickie because he and Bobby always fought and me and my brother always fought. We went many places together and Dickie was always so good to me.

I just heard about Dickie's passing . Dick worked for my Father in law, Sam Laskin, and myself for many decades. A finer employee and friend you could not find. I wish Martha and the rest of the family only fond memories. May Dickie's name be for a blessing for all that knew him. Russell & Cathy Laskin Lyons
